CONSERVATION CLUB

RE-ELECTS OFFICERS

Present officers of the Putnam
county Conservation Club were uni-
formly re-elected for another year
during a meeting of the organization
at the O. K. barber shop Friday
night. This group of officials includ-
ed: Maynard Johnson, president; J. F.
Hart, vice-president; Wib Grimes,
club delegate and James B. Zeis,
secretary-treasurer.

Plans for the annual banquet of
the club were made and a tentative
date of March 11 or 12 was decided
upon. The meeting will be held at
the high school vocational building
in the form of a pitch-in supper. Sev-
eral interesting entertainment fea-
tures are promised the nimrods at-
tending.

O. O. Dobbs, Central avenue, was
admitted to the Putnam county hos-
pital Friday evening for treatment.

LOGAN WOODRUM INDEFINITE-
LY DISMISSED IN ACTION
TAKEN FRIDAY

Mayor W. D. James, late yesterday
suspended for an indefinite period,
Logan Woodrum, city night police
officer. The charges contained in
the written statement read to the
officer notifying him of the suspen-
sion was drinking intoxicating li-
quors while on duty and visiting a
place where such liquors were sold.

The incident took place following
the raid a week ago on the west side
pool room and it was said some of
the men involved in the raid, were
with Woodrum at the time he is al-
leged to have drank the intoxicating
liquor.

It was understood the city council
held a secret meeting Thursday night
to discuss some matters, but it was
not disclosed as to what took place.

The present city officials have held
more secret meetings to which The
Daily Banner representative has
been invited and urged to leave, than
a half dozen other official families
have held, and we still don't know of-
ficially what has taken place behind
these closed doors, although it is
said official business has been trans-
acted. Pres. Wilson once said, "open
covenants openly arrived at" will
solve the problems of the world. This
plan isn't being used in Greencastle.

FINAL COUNTY
FARM SESSION
AT BAINBRIDGE

LAST PUTNAM INSTITUTE OF
YEAR WAS HELD ON
FRIDAY

AWARDS ARE ANNOUNCED

J. R. South Elected Institute Chair-
man For Ensuing Year By
Those Attending

The final farmers' institute to be
held in Putnam county in 1942 was
that at Bainbridge, Friday. It was
held in the large gymnasium and the
audience, although apparently larg-
er than that of last year's institute,
was dwarfed to the eye by the size
of the auditorium.

Noel A. Nicholson, 1942 chairman,
presided, and Mrs. James Lewman,
was secretary-treasurer. Howard
Hostetter was vice chairman.

Committees for the institute in-
cluded that to arrange for men's ex-
hibits, of which James Lewman was
chairman, that for women's exhibits,
with Mrs. Howard Hostetter chair-
man, and the following committees:
Finance—Earl O'Hair, Harvey Nich-
ols, Webb Evans. Arrangements—
Frank Frazier, Ben Pruitt, Albert
Balch. Membership committee—Otha
Bales, Frances Lane, Carrie Miller,
Etta Collings. Nominating commit-
tee—Howard Hostetter, Elva Scobee,
Grace McKeehan, Mrs. Laura Giltz.
Door prize committee—Carl Darnell,
Chas. Rutter.

The program included the com-
munity singing led by Mrs. Ray
Miller; invocation by Howard Hos-
tetter; music numbers by the Bain-
bridge school band, the school band,
its rhythm band and one or two solo
numbers. Mrs. O. A. Scipio and Otis
Crane were the speakers, using
theses on which they had spoken at
other institutes in the county, this
week. David L. Grimes, county
farm agent, talked informally, and
Miss Mary Lou Schott addressed the
gathering also on phases of her
work, which is that of county home
demonstration agent.

Harry G. Brown, through many
years connected with the former Al-
len Brothers' store in Greencastle,
was named the "oldest resident far-
mer of Monroe township, present at
the institute." He is past 80 and
boasts of it.

Officers were elected for 1943 as
follows: Chairman, J. R. South; vice
chairman, Arthur Ames; secretary-
treasurer, Mrs. Stanley Cook; chair-
man of program committee, Mrs.
Sallust.

There were some fine displays of
home and farm products, and the
vocational exhibits of students of
the school were fine, also. Awards
were made as follows:

Hybrid Corn—1, Otha Bales.

Single Ear White—1, Pete Arthur;

2, Herman Hendrich.

MANY SPLENDID BARGAINS
WILL BE OFFERED BY
LOCAL MERCHANTS

For the first time in several
months, Greencastle merchants have
made plans to have Dollar Day in
Greencastle on Wednesday, February
18th. To make this an outstanding
event, the merchants are cooperating
to the fullest extent and in the Mon-
day edition of The Daily Banner will
appear the advertisements of the
many values which will be offered.
Putnam county shoppers for one day
only.

In face of advancing prices and
shortages in many lines, this will
be an event that should be keenly
anticipated. Hundreds of county peo-
ple will have the foresight to pur-
chase at reduced prices the articles
which they need or will need in
months to come.

Everyone is urged to check the
advertisements in Monday's paper
carefully to take advantage of the
many values on display.

sentative in the state legislature

CHURCHILL WILL FIGHT
FOR LIFE OF CABINET

LONDON, Feb. 14.—(UP)—Prime
Minister Winston Churchill, fighting
for the life of his cabinet, intends to
defend himself before the House of
Commons next week against a
mounting tide of bitter criticism.

The escape of a German fleet past
the English coast within range of
shore guns, plus the desperate situa-
tion at Singapore, brought even the
ultra-conservative Times into the
chorus of demanding the scalps of
members of Churchill's government,
if not that of Churchill himself.

So bitter was the criticism that
some thought Churchill would have
to make a vigorous defense to assure
even himself of the continued con-
fidence of the House of Commons.

But the general demand was for a
merciless shake-up in the cabinet,
to weed out the weak men and espe-
cially those who had any remaining
taint of appeasement, and for
Churchill to delegate real authority,
especially in matters of military and
naval strategy, to subordinates.

For months Churchill, largely out
of loyalty to his colleagues, had re-
sisted demands for a cabinet recon-
struction. It appeared now that he
must give in.

EMERGENCY RULINGS
DELAY CONSTRUCTION

Suspension of road and bridge con-
struction plans which involve the use
of steel and other critical war mate-
rials, except where such projects are
on routes designated as military ac-
cess roads or as a part of the strate-
gic network of defense highways, was
indicated today by S. C. Hadden,
chairman of the State Highway Com-
mission.

This restriction of construction
activities does not apply to work
which does not require critical ma-
terials and is being financed entirely
with state funds. While the regular
allocation of federal-aid funds was
made to the State Highway Commis-
sion for carrying on improvement of
routes in the federal-aid system, the
elimination of railroad-highway
grade crossings and the development
of feeder or farm-to-market roads,
expenditure of such funds is now
subject to approval by federal au-
thorities.

FIRST POLITICAL ENTRY WILL BE DATE
FOR DECLARATIONS BY CANDIDATES

The first entry on the official po-
litical calendar in Putnam county,
as well as in all other counties of the
state, will be the date in March
which will be sixty days prior to May
5, which is the date of the primary
election. During the 30-day period
beginning on the date early in March
and ending 3-days prior to the pri-
mary election date, candidates for
nomination for offices in the county,
townships, and municipalities within
the county are required by law to
file declarations of their intention to
appear as candidates. Such declara-
tions cannot be filed during the 30-
day period prior to the primary.

The election board of the county
will take these declarations as their
authority to place the respective
names on the ballots for the pri-
mary election, the copy for which will

U. S. Tanks Win
Bout With Japs

TEN LIGHT AMERICAN TANKS
DESTROY EIGHT SIMILAR
JAPANESE TANKS

WITH GEN. MacARTHUR'S
ARMY IN THE PHILIPPINES, Feb.
14.—(UP)—American tanks have
met and defeated Japanese tanks in
the Bataan peninsula in the first
battle of tanks against tanks alone
in United States history.

It was a little fight and it took
place on New Year's Eve, but the
story which came out today showed
that it was a clear cut victory.

Ten light, American tanks were
covering the withdrawal of Gen.
Douglas MacArthur's men to their
present strong line when First Lieut.
William Gentry, Kentucky National
Guard, of Harrodsburg, Ky., sighted
a force of eight Japanese tanks, only
a few hundred yards away, and
flashed the news to other tanks over
his radio.

First Lieut. Harold Collins, La-
carne, Ohio, moved up in support and
the two American platoons went into
action with the guns of their 10 little
tanks spitting death.

They fought a fierce fight, some-
times at less than 30-foot range, and
destroyed six of the eight Japanese
tanks without losing a tank them-
selves.

IMPERIAL BRITISH GARRISON
STILL HOLDS AGAINST
JAP INVADERS

RADIO IS STILL HEARD

Japs Using Big Guns To Shell Singa-
pore Aided By Bombers,
Fighter Planes

CALCUTTA, India, Feb. 14.—(UP)
—Singapore rocked today under a
savage Japanese artillery bombard-
ment as the Imperial garrison stood
firm in its lines and the enemy "in
impotent rage turned its wrath on
the city.

Singapore radio broadcasts said
the Japanese were shelling the city
and its environs mercilessly and air-
planes were joining in the attack.

British guns were firing furiously
in retort and Singapore said that
British shells were being poured at
the rate of 400 an hour into the key
points of the Japanese line.

Australian troops were fighting
heroically to defend the big water
reservoirs northwest of the city.

Despite the relentless pressure on
their lines by waves of attacking
Japanese infantry and tank units, the
Imperial troops were still taking
every opportunity to counter-attack.

The heaviest fighting, Singapore
reported, centered northwest and
west of the city and the Imperial
troops were said to have counter-at-
tacked with all their strength in the
Timah-Jurong area along the rail-
road west of the reservoirs and
northwest of the city.

British Imperial forces were un-
derstood to be holding still a line ex-
tending down from the naval base
through the reservoirs and the race
track to the sea coast west of Singa-
pore city.

There was no indication that
Japanese troops were yet, as they
had claimed for days, within the
city.

The Singapore radio, broadcasting
to people in the city, did everything
to encourage them.

It taunted the Japanese, saying
they had miscalculated not only the
spirit of the Empire troops, who kept
up a heroic fight, but the spirit of
the people behind the lines who had
endured without pain the ordeal of
bombardment.

A commentator talked at length
of the American navy's attack on
the Marshall and Gilbert Islands.

"Some people thought that when
the Japanese sank the British bat-
tleship Prince of Wales and the bat-
tle cruiser Repulse they had won
the naval war," he said.

"This is not true. It is as sure as
that the sun will rise tomorrow. The
American fleet victories may seem a
small thing but they are a symbol
of the greatest importance. They in-
dicate the ultimate result of the Pa-
cific war.

ARGUMENTS ARE MADE
IN DELINQUENCY CASE

Arguments were made this fore-
noon by attorneys for the state and
for the defense in the state case
against Estel McCloud of Jackson
township, in which evidence was given
before a jury yesterday. The de-
fendant was charged with contribut-
ing to the delinquency of a young
man of minor age by selling him
wine.

Witnesses called by Prosecutor
Rexell A. Boyd were Cleo Hubbell,
Jesse Webb, Vern Webb, and Lewis
Long. Witnesses for the defense
were Wm. Dickerson, Claud Malayer,
Fred Moreland, and the defendant
and his wife.

Betty Crocker KITCHEN CLINIC

Prepared for
Your Newspaper by Betty Crocker Home Service Department

SO WELCOME IN COLD WINTER WEATHER

Gingerbread—so easy to make and so welcome in cold winter weather—has the added advantage of being a "good for us" food. That is—when it's made with plenty of iron-rich molasses and Vitamin B enriched flour.

Furthermore gingerbread can be dressed up in so many different ways that the family do not tire of its frequent reappearance.

Dark and Moist-Tasting

So here's a recipe for a dark moist-tasting old-fashioned gingerbread. It appeared years ago in grandmother's treasured brown book under the title—"Ft. Atkinson Gingerbread."

FORT ATKINSON GINGERBREAD

1/2 cup shortening (the old cook book called for "butter")
2 tbs. sugar
1 egg
1 cup black molasses (the blacker the better)
2 1/4 cups sifted all purpose flour

(Grandmother's recipe said "2 heaping cups flour")
1 tsp. soda
1/2 tsp. salt
1 tsp. ginger
1 tsp. cinnamon
1 cup boiling water

Cream shortening, add sugar and cream well. Blend in the well-beaten egg and molasses. Sift the flour, soda, salt and spices together, and add to the creamed mixture alternately with the boiling water. Pour into a heavily greased and floured 8-inch square pan (2 1/2 inches deep). Bake about 45 minutes in a slow moderate oven, 325° F.

"Serve Hot With—"

Serve hot—either plain or dressed up as a special dessert. It's delicious topped with Whipped Cream, Whipped Cream and Sliced Bananas, Chocolate Sauce and Whipped Cream, Cream Cheese and Lemon Sauce, Apple Nut Whip—or Banana and Apricot Glaze.

With Apple Nut Whip

Beat 1 egg white until it will hold a point. Then gradually beat in 1/2 cup confectioners' sugar. Fold in 1/2 cup cream whipped until stiff. Fold in grated apple (2 tart apples) and 1/2 cup chopped nuts. Chill. Serve on gingerbread.

With Cream Cheese and Lemon Sauce

Split square gingerbread into 2 layers and spread white cream cheese—softened with milk—between. Place dab of cheese on top, and pour your favorite lemon sauce over all. Sprinkle with grated lemon or orange rind.

With Banana-and-Apricot Glaze

Mix together 2 1/2 cups cooked apricots with juice (1 No. 2 can), 1 cup sugar, and 1/2 cup boiling water. Boil until mixture is thick and smooth (like jam). Cool. Cover top of entire gingerbread with sliced bananas, and pour cooled apricot glaze over them.

Greencastle, Indiana:

"Let George Do It"

There seems to be an attitude among many of the people in the community that it is a very good idea to save scrap paper, metals, etc.; that it is a splendid idea to buy Defense bonds and stamps; that the Red Cross activities represent a worthy cause; but that we are just too busy and we will "let George do it" because he likes to busy himself with such things. It is apparent that Putnam county has not yet realized the importance of the defense efforts being made. The work laid out for this county cannot be done by the people of Greencastle alone but must be shouldered by each community within the county. Let us assume responsibility placed upon us, be it great or small and carry through, as Putnam county has always done, to the end that we may be regarded as outstanding in our work for "the cause."

A Defense Minded Citizen.

FOR RENT: 6 room and 7 room modern houses. Call Wetz Grocery or residence. 14-1t.

from California, along with the usual gang of gamblers and swindlers. The camp became noisy, thriving Virginia City over night, soon famous throughout the world.

For twelve years a dozen small bonanzas along the Lode were worked with profit. Then came the big discovery, the one that made the Comstock famous and produced \$700,000,000 in silver alone since. A single week's run of one local mill turned out sixteen tons of bullion valued at over a million dollars. The newly established Federal mint at Carson City was swamped.

Suddenly rich miners shod their horses with silver shoes. Palatial homes went up with silver used wherever metal was needed. Fortunes were made between dawn and dusk. Evicted from his hotel over an unpaid board bill one day, the now famous Lucky Baldwin was welcomed back a millionaire the next. From the maze of shafts and drifts beneath the town poured a stream of silver that nearly upset the economic stability of the world.

The irony of the situation is that the Comstock Lode enriched Henry Comstock and immortalized his name, when he actually had no real claim to the wealth and honor. And the man who had more to do with finding this vast deposit of silver—James "Virginia" Fennimore, a pioneer prospector in the Ophir Diggings—gave up too soon and sold out his interests for an old horse and a few dollars. He died penniless while the mines he could have owned were gushing millions in silver and gold.

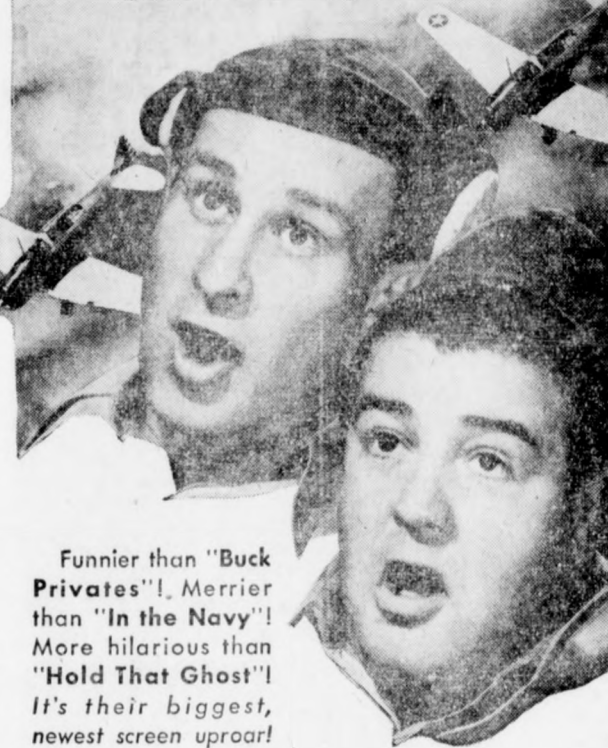

But old Fennimore's memory is preserved here in the city he named after himself and his home state. Quiet now, with but a few mines still in operation, Virginia City remains a slumbering monument to Nevada's colorful Age of Silver.
